TERRY WHITE

Senior Full Stack Engineer

@ whiteray0810@gmail.com ⚲ Victoria, Texas, United States

SUMMARY

As a full stack developer, I possess a unique blend of technical expertise and creative problem-solving abilities. With proficiency in front-end technologies such as React and Next.js, back-end technologies such as Node.js and Express.js, and an in-depth understanding of databases like MongoDB, SQL, MySQL and PostgreSQL, I am well-equipped to tackle any project that comes my way. My strong background in Material Design and Tailwind CSS allows me to create visually stunning and intuitive user interfaces that deliver exceptional user experiences. With a keen eye for detail and an unwavering commitment to quality, I deliver projects on-time and within budget. Let's work together to bring your vision to life.
